- **Let The Children Live!** is a small, *Yorkshire-based*, Registered Charity (No 1159113) with *very low* overheads and a *big* job to do.
- It funds the care of hundreds of vulnerable children from the streets and shanty-towns of Medellín, Colombia.
- It provides a last resort for many children who have been let down by other organisations.
- It offers these boys and girls safety, Christian education and love, and gives them hope for the future.
- It works to save them from getting involved in drugs or prostitution, and protects them from recruitment by criminal gangs.

By leaving a bequest to **LET THE CHILDREN LIVE! you will help**

- To prevent boys and girls from being abused or exploited.
- To enable street-children to find a home.
- To allow working children to receive an education.
- To build a school for children with special educational needs.
- To encourage very young mothers - some of them pre-teenagers - to stay at school.
- To give talented youngsters the chance to develop their skills or to go to university.

To large charities, another legacy is just a drop in the ocean -
but a substantial gift to a *small* charity can really *change* lives.

Please make our children your heirs
